RR Mergers Announces Sale of Rail Signal Systems Manufacturer

St. Louis, Missouri, February, 27, 2014 - RR Mergers & Acquisitions, North America's leading specialist in the sale of rail service and supplier companies, announces the sale of J&A Industries to B & B Roadway and Security Solutions, LLC ("BBRSS").

J&A Industries headquartered in Kansas City is a leading manufacturer of signal equipment to major railroad industry leaders including BNSF and Union Pacific.

BBRSS, with divisions B&B ARMR and B&B Roadway, designs, manufactures, distributes and services an extensive line of crash-rated vehicle barriers, traffic warning gates, and navigation light solutions. Industries include perimeter security, moveable bridge structures, HOV lane systems and railroad traffic control that meet critical government standards. Since 1925, B&B divisions have supported government and industrial customers globally. Headquartered in Carrollton, Texas, the company also has a manufacturing facility in Russellville, Alabama, and service center in Fairfax, Virginia.

J&A Industries will continue all current operations at both of its Kansas City facilities.

"As the exclusive advisor to the seller, we helped J & A Industries attract numerous strategic buyers through a confidential marketing process." said RR Mergers President, Robert Fowler. "As a result, we delivered more than one offer for the company, allowing our client to receive full value for the company."

About RR Mergers & Acquisitions

North America's leading specialist in the sale of rail service and supplier companies, RR Mergers & Acquisitions draws upon substantial research, valuation, marketing, and railroad industry-specific resources. In addition to the company's proprietary data base of more than 1,500 rail service and supplier companies, RR Mergers maintains an exclusive list of strategic rail buyers and private equity groups seeking acquisition of rail related companies. For nearly a decade, RR Mergers has been widely recognized as the premier intermediary in the sale of rail service and supplier companies. www.rrmergers.com.
