RR Mergers announces sale of AV Rail Contracting to Allied Track Services

March 21, 2016 – RR Mergers & Acquisitions, specialist in the sale of rail service and supplier companies, announces the sale of British Columbia based AV Rail Contracting to Ontario, Canada based Allied Track Services.

Servicing customers throughout Western Canada, AV Rail Contracting is a specialty rail contractor with expertise in high rail crane services, rail communication and signal contracting.

Allied Track Services provides rail maintenance of way services, including track and turnout installation, emergency track repair and thermite welding. Allied Track Services acquisition of AV Rail continues its expansion into Western Canada.
