## **RR Mergers Advises RailPlan International on the sale of its Maintenance Services Group to Milman Industries**

*St. Louis, Missouri, December 9, 2021* - RR Mergers & Acquisitions advised RailPlan International on the sale of its Maintenance Services Group to Milman Industries, Inc.

Founded in 1986, Baltimore based RailPlan, performs inspection, maintenance, and repairs of all types of passenger rail and transit vehicles for passenger railcar manufacturers, transit systems, state departments of transportation/rail and Amtrak.

Experienced in management at Amtrak, Alstom and RailPlan International for the past 15 years, Pete Di Mola will continue to oversee the RPI Maintenance services Group.

Based in Sudbury, Ontario Canada, Milman Industries, through its affiliated companies, provides industrial and environmental services and supplies globally, balancing the needs of their customers with the health of the environment.

“This acquisition will strengthen and expand service to our customers in the transit sector throughout the U.S., as RailPlan becomes part of the Milman Industries international company, Diesel Electric Services” said Milad Mansour, President and Founder of Milman Industries.

RR Mergers is widely recognized as the premier M&A Advisory firm in the sale of rail supplier, rail services companies and short line railroads.
